REPORT OF FINANCE COMMITTEE  
FOR FISCAL YEAR  
ENDING AUGUST 31, 1929

Presented to the Board of Trustees at their Annual  
Meeting, Monday, June 9, 1930

A Supplement to this report will give figures for the  
school year 1929-1930, to June 3, 1930

*To the Members of the Board of Trustees of Lebanon Valley College:*

The Finance Committee is herewith presenting its report of the fiscal year beginning August 1, 1928, and ending August 31, 1929. A supplementary report, giving a record for a portion of the fiscal year will be ready for distribution at the meeting of the Board.

### **Endowment Fund**

The endowment fund at the beginning of the fiscal year, September 1, 1928, was \$674,902.69. There was added to this fund during the year a total of \$102,148.65. Of this amount we received from the General Education Board (Rockefeller) \$36,009.64, the balance of \$66,140.01 coming from subscriptions given in 1924 or from special donations to the endowment fund. The total in the endowment fund at the end of the fiscal year August 31, 1929, was \$777,051.34.

Between the period of September 1, 1929, and April 25, 1930, there was added to the endowment fund an additional \$132,106.04 of which \$40,376.87 was paid by the General Education Board (Rockefeller) in payment in full of their conditional subscription of \$175,000 made during the campaign of 1924. The remaining amount or sum of \$91,729.17 was received from subscribers to the campaign of 1924 or from special donations to the endowment fund.

Of the amount listed in this and the above paragraph as special donations is included the sum of \$22,379.22 which was paid from the Profit and Loss account into the endowment account. As a matter of information the records will show that out of the total subscription of \$382,782.90 made in the campaign of 1924, there was a total amount of \$341,811.44 paid on subscriptions. The remaining amount collected on the endowment fund, the sum of \$38,167.51, was received from other sources.

Pursuant to the action of the Board of Trustees at the last meeting and in accordance with the action of your Committee, we bought about \$45,000 of notes of individuals and churches, the principal sum of which was loaned to them on a note to pay their subscriptions. These notes were purchased for the endowment account, but before the final report was sent to the General Education Board, it seemed wise to the Committee to take these notes out of our endowment investments and in accordance therewith they were purchased by the current account of Lebanon Valley College and are now in their possession. These notes now constitute an investment for the current account and will earn interest at the rate of five per cent. With the proceeds from the sale of these notes to the endowment account, we purchased for that account a corresponding amount of high grade bonds.

During the year we received from Sophia Plitt Estate the sum of \$475 which was added to the Plitt Scholarship Fund, and the sum of \$905 from Mrs. Mary A. Reitzel which was added to the endowment account, the income of which was to be used for current expenses.

### **Endowment Income**

As indicated on page 11, Schedule III, the total income received from invested funds was \$38,479.23. Of this amount there was turned into the College treasury to be used for general expenses, payment of professors, and books for the library \$33,410.51. The balance was placed to the credit of various scholarship funds and was distributed as designated by the donor.

## Scholarships and Trust Funds

For a number of years there has been considerable discussion as to several funds and scholarships heretofore given to the college and which were either lost by bad investment or did not appear in the published reports. Several years ago it became the policy of your Committee to restore these funds as rapidly as possible. We are glad to report that the Pennsylvania C. E. Scholarship has been restored to its full amount in August, 1925. It was discovered that a part of the money received from the United Enlistment Movement a few years ago was improperly reported and in reality was to be added to the Plitt Scholarship. In August, 1925, we added \$674.90 to this fund. During the present year we added \$5,488 to the Mary A. Dodge Fund and have now restored that fund to its original amount of \$9,500. We have also established a Peter Graybill Scholarship Fund of \$1,000 that was originally given as part consideration of the purchase price for a lot which is now a part of our campus. The sum of \$500 was set aside as a Jacob F. Greasley Scholarship Fund, this amount having been originally given for a scholarship in 1894. The sum of \$300 was set aside as the Levi S. Reist Scholarship Fund, this amount having been paid in 1895, and finally the sum of \$500 was set aside as the Elizabeth Meyer Fund, the income of which is to be used for current expenses. This amount was originally paid in 1901.

## Investments

The Committee on Investments has now invested the sum of \$907,764.17 in good securities, due regard being had for diversification, maturity, yield and stability. These investments at the time of going to press, represent bonds to the amount of \$847,765.42, stocks to the amount of \$12,522.50, and the farms as originally given to us. Inasmuch as we have about completed our active investments, we are including in our supplementary report a complete list of all of our bonds and securities. We trust that this list will meet with your entire approval.

## Repairs and Improvements

Inasmuch as our first aim during this year was the consideration of the endowment campaign and receiving the entire amount from the General Education Board, the matter of extensive repairs and improvements was postponed for the time being. It will, however, be necessary for us to count on considerable improvements and repairs during the coming year.

## Miscellaneous

With reference to the campaign of 1924. While the period of the Rockefeller payment has expired and in fact they have paid the entire amount, there is nevertheless the sum of \$40,971.26 owing from subscribers in that campaign. Your Committee has attempted to collect every available dollar on these subscriptions, but would recommend to the Board that another effort be made to collect the unpaid amounts and that as a means to aid collections, the final report showing the quota, amount subscribed and the amount paid by each individual church in the respective conferences be published as a final report in both the East Pennsylvania and Pennsylvania Conference minutes, and that the college publish a bulletin showing the same data, expenses of all of which shall be paid by the college. We feel sure that if the books could be left open until September 1, and then the report printed as of that date, many individuals and churches would be willing to make an extra effort to pay the balance due in individual churches and secure for them a clear record in the report. The suggestion of this has proven very satisfactory with many of the churches and if the time is extended, we feel sure that we can secure many more churches to be paid in full.

J. R. ENGLE,  
*Chairman Finance Committee*

## AUDITING COMMITTEE REPORT

*To the Board of Trustees of Lebanon Valley College:*

GENTLEMEN—Through the privilege accorded by the Finance Committee of Lebanon Valley College, we, your Auditing Committee, secured the services of Mr. H. E. Schriver, public accountant of Harrisburg, Pa., to audit the accounts of S. H. Derickson, Treasurer. We submit the following statement as our report.

*Committee*

Harrisburg, Pa., November 26, 1929

*To the Auditing Committee, Board of Trustees of Lebanon Valley College,  
Anncville, Pa.*

GENTLEMEN—This is to certify that I have audited the accounts of the Treasurer of Lebanon Valley College for the fiscal period ended August 31, 1929 and found them correct as per the Summary of Accounts, the balances of which were in the banks as noted.

The Securities have also been verified and are deposited in the vaults of the Anncville National Bank, Anncville, Pa., and the Farmers Trust Company, Lebanon, Pa. I am of the opinion that your investment income has been materially strengthened over what it was formerly without jeopardy to the security.

I found all records of your Accounting Department in good order, and appreciate the cooperation of the persons in charge.

Up to this time I have understood that you only desired an audit of the Cash and Securities and I have acted accordingly. I would suggest, however, that in the future the audit be made a Balance Sheet audit so as to give you a picture of the operation of the College. About all that you have at present is a Statement of Cash Received and Disbursed which is only one of the factors entering into the operation of the institution.
